

VISITOR RESTRICTIONS

As a patient and family-centered hospital, we understand visitors play an important role in patients' healing and recovery. Due to concerns of COVID-19, WMMC has restricted visitor access to protect our team and your loved ones.

Visitors will be required to follow strict hand hygiene procedures and wear a mask. Visitors are encouraged to bring a protective face covering from home if possible.

HOSPITAL VISITS

- Visitor hours are 8:30 am to 8:30 pm. After 5:00 pm all patients and visitors must use the Emergency Department Entrance.
- One designated person will be allowed per patient. No visitors under the age of 18.
- All visitors will be screened at the entrance. Any visitor screened positive for symptoms will not be allowed into the facility.
- Emergency and obstetric patients may have one visitor. There are no visiting hour restrictions for emergency and obstetric patients.

CLINIC APPOINTMENTS

- For patient and staff safety we discourage visitors during appointments. If you have questions about what appointments qualify for a visitor contact your clinic.
- One caregiver will be allowed for patients with mobility/confusion issues, or incapacitation.
