

## Virtual Visits Help Guide (Laptop or Desktop)

Use these instructions to log in using a laptop or desktop (not the HealtheLife App).

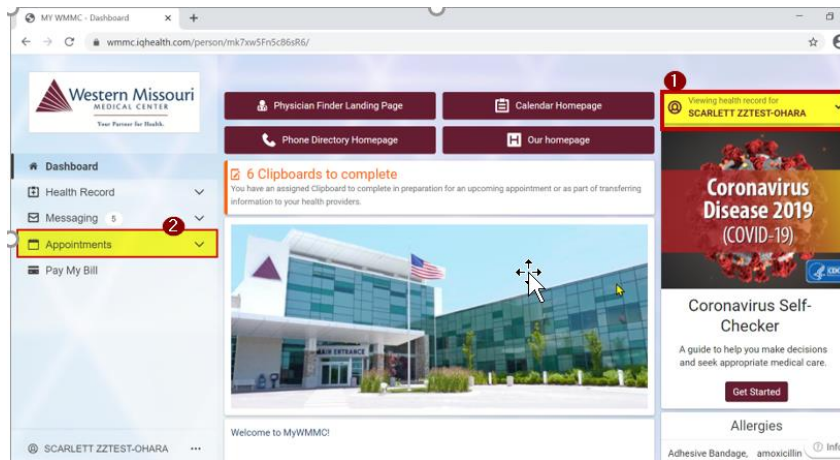

- Download Chrome to your desktop.

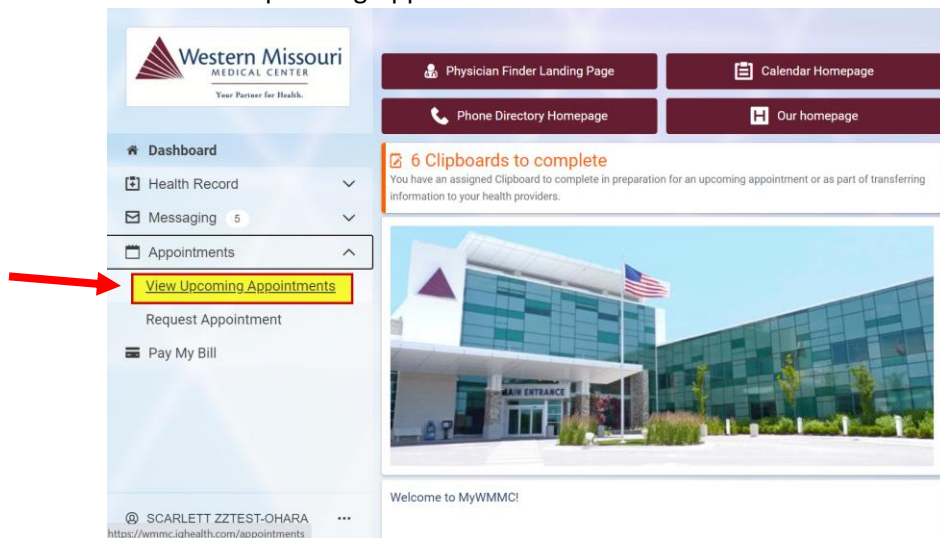

- Open Chrome and visit the [Patient Portal](#).
- Login into the Patient Portal with your username or email and your password, or create an account.

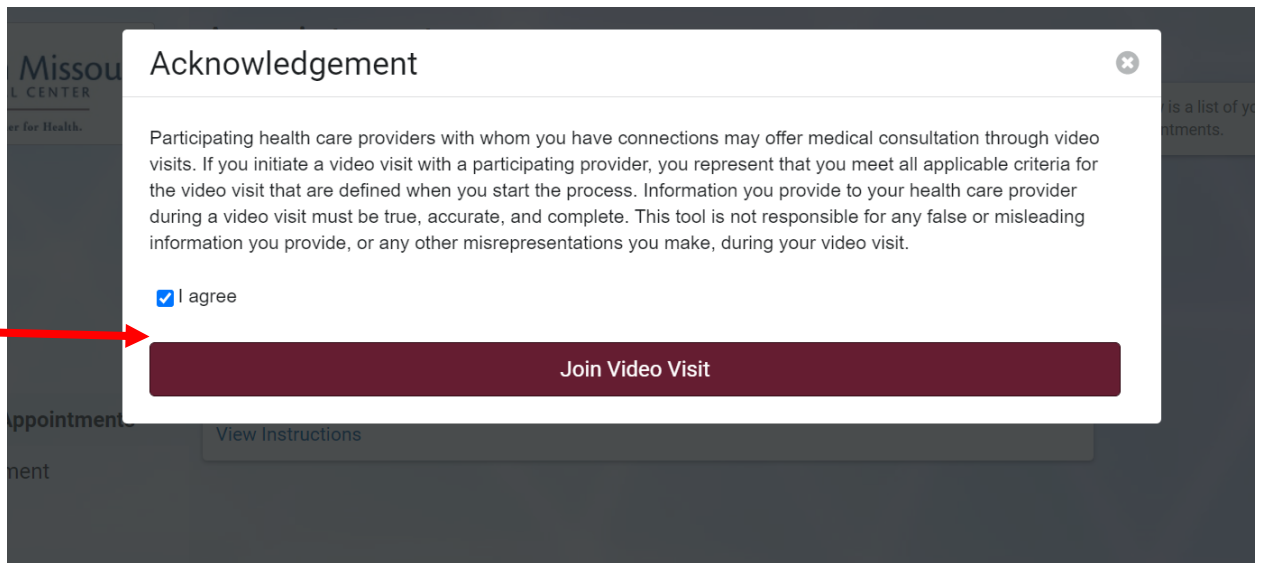

- Ensure that you have the correct patient signed in to access the appointment (if you have proxy of other patients) and click on "Appointments."

- Click "View Upcoming Appointments."

- Select the appointment you would like to join and click "I agree" to acknowledge terms.

**Acknowledgement**

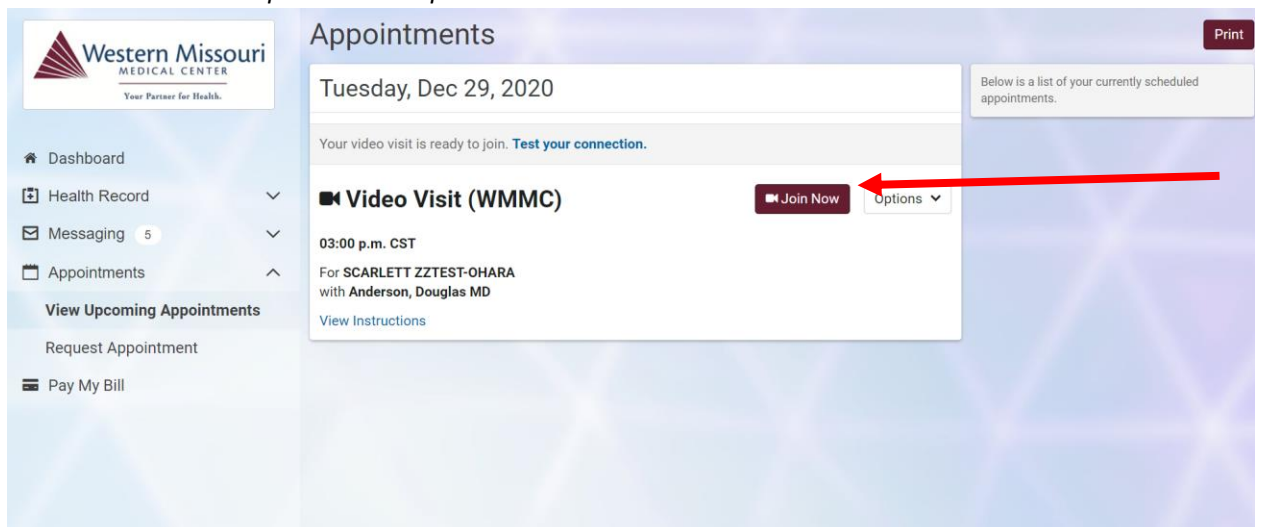

Participating health care providers with whom you have connections may offer medical consultation through video visits. If you initiate a video visit with a participating provider, you represent that you meet all applicable criteria for the video visit that are defined when you start the process. Information you provide to your health care provider during a video visit must be true, accurate, and complete. This tool is not responsible for any false or misleading information you provide, or any other misrepresentations you make, during your video visit.

Tuesday, Dec 29, 2020

Your video visit is ready to join. [Test your connection.](#)

**Video Visit (WMMC)** Join Now Options

03:00 p.m. CST

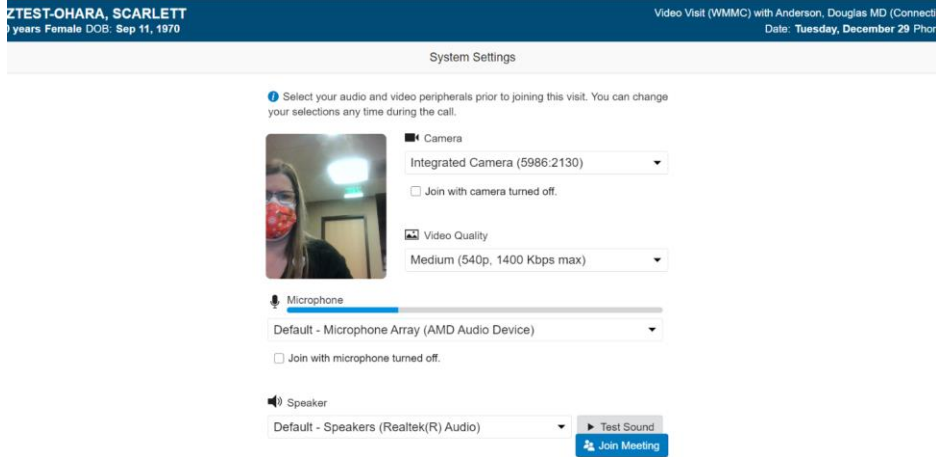

For SCARLETT ZZTEST-OHARA  
with Anderson, Douglas MD

[View Instructions](#)

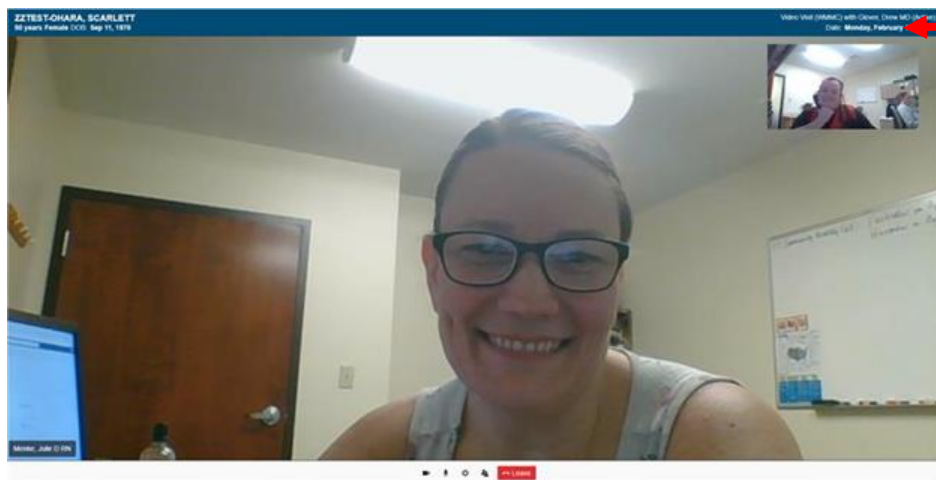

Below is a list of your currently scheduled appointments.

- If you fail the connection test, we encourage you to still attempt to join the session.

- The provider will join the appointment and begin the virtual visit.

- When the virtual visit is complete, click "Leave" and your video visit will be complete.
