Western Missouri
MEDICAL CENTER

Connect to WMMC with our Patient Portal!

Our Patient Portal is a secure, online health management tool that gives you *lifetime* access to view, store and share your health information with your physician from home. Once you set up your account, you can log into our **Patient Portal** anywhere with Internet access – at home, work school, the library, even on your mobile device! Results are made available in your Portal as soon as they are resulted in your medical record.

How Do I Get Access to My Patient Portal?

- Please visit www.wmmc.com, select Patient Portal, locate the Create Account link.
- Provide your personal email address to Registration at your doctor's office or next hospital visit
- Receive enrollment email within 24 hours after providing your email address to WMMC
- Click on the link inside the email message that will bring you to the IQHealth.com homepage
- Click on "Sign in with Cerner Health" and register your information to stay connected

What Can I Do with My Patient Portal?

- **Secure Messaging**
  The ability to securely send messages to your care providers
- **Personal Health Record**
  You can view data from your Electronic Medical Record for hospital visits, test results, and provider office visits
- **Notify your care providers of demographic charges**
  Such as address, phone number or insurance provide
- **Online Bill Payment**

Please visit **www.wmmc.com** and select Patient Portal to sign in.

COVID-19 TEST RESULTS

SARS-CoV-2, NAA (COVID-19) LC – this is the test used to determine if you actively have the COVID-19 virus. Results will display as either **Not Detected** or **Detected**. A caregiver from WMMC will contact you to deliver your results to as soon as possible.

NOT DETECTED = negative
DETECTED = positive
